# **BULLETIN**

Gateway Community College will be hosting an Open House for P.I.P.E. contractors and members of Local 469. There will be a tour of their AC training facility and an overview of their AC training program. This will be a great opportunity to see how the industry is preparing and training our service technicians.

This is scheduled for Wednesday, October 24th @ 4:00 PM. The address is 108 N. 40th Street, Phx. AZ 85034 and will be held in room 1340 which is on the West side, parallel to Washington.

Dr. Perry is anxious to show everyone and explain what Gateway Community College is doing with their HVAC training.

Please RSVP to the P.I.P.E. Office:  
480-966-0377 or [pipetrust@qwest.net](mailto:pipetrust@qwest.net)
